1. The manager has the ability to amend distributions subject to the approval of the fund's advisory committee. This has been done once to date, in 2009, when timber prices crashed for a year as a result of very few new houses being built in the aftermath of the financial crisis

2. The income will be distributed quarterly on receipt, once the balance of cleared funds on the relevant partner's income account exceeds £250,000 or such a lower amount as the General Partner may determine from time to time.

3. Is the target dividend from year two onwards (4.5p+ in the first year)
