BARONSMEAD

Baronsmead VCT 3 plc

2010

Half-yearly report for the six months ended 30 June 2010

Investment Objective

Baronsmead VCT 3 is a tax efficient listed company which aims to achieve long-term investment returns for private investors.

Investment policy

- To invest primarily in a diverse portfolio of UK growth companies, whether unquoted or traded on AIM.
- Investments are made selectively across a range of sectors in companies that have the potential to grow and enhance their value.

Dividend policy

The Board of Baronsmead VCT 3 has the objective to maintain a minimum annual dividend level of around 4.5p per ordinary share if possible, but this depends primarily on the level of realisations achieved and cannot be guaranteed. There will be variations in the amount of dividends paid year on year. Since launch the average annual tax–free dividend paid to shareholders (including the declared interim dividend of 3.0p) has been 5.4p per ordinary share (equivalent to a pre-tax return of 8.0p per ordinary share for a higher rate taxpayer). For shareholders who received up front tax reliefs, their returns would have been even higher.

Secondary market in the shares of Baronsmead VCT 3

The existing shares of the Company are listed on the London Stock Exchange and can be bought and sold using a stockbroker in the same way as shares of any other listed company.

Qualifying investors* who invest in the existing shares of the Company can benefit from:

- Tax free dividends
- Realised gains not subject to capital gains tax (although any realised losses are not allowable)
- No minimum holding period
- No need to include VCT dividends in annual tax returns

The UK tax treatment of VCTs is on a first in first out basis and therefore tax advice should be obtained before shareholders dispose of their shares and also if they deferred a capital gain in respect of new shares acquired prior to 6 April 2004.

* UK income tax payers, aged 18 or over, who acquire no more than £200,000 worth of VCT shares in a tax year.

Financial Headlines

3.0p

Interim dividend of 3.0p per share (unchanged from prior year) payable on 15 September 2010 to shareholders on the register at 20 August 2010.

+3.8%

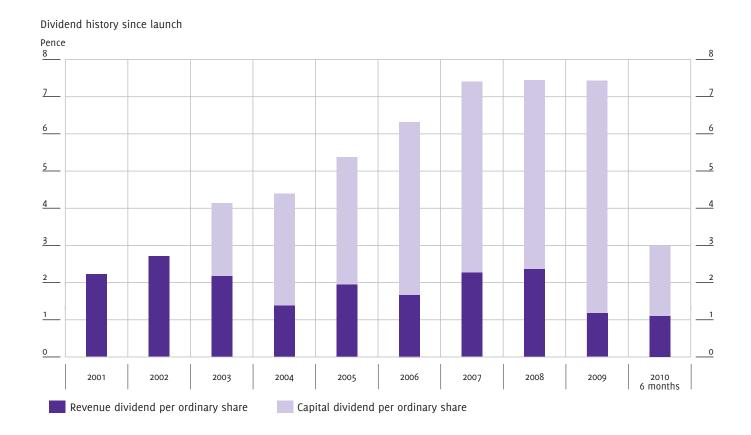

NAV per share increased by 3.8 per cent over the six month period to 30 June 2010 from 97.50p to 101.24p before payment of the 3.0p interim dividend.

+166.1%

NAV total return to ordinary shareholders for every 100p invested since launch.

8.4%

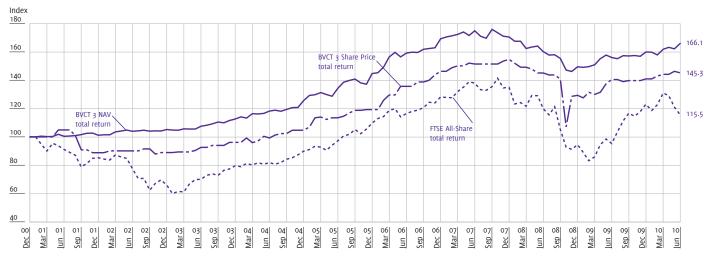

Dividend yield of 8.4 per cent tax free to qualifying shareholders (gross equivalent yield for a higher rate taxpayer is 12.5 per cent). This rolling twelve month yield is based on the 3.0p interim dividend payable in September 2010 plus the 4.5p dividend paid in December 2009 divided by the mid ordinary share price of 89.0p at 30 June 2010.

Summary Since Launch

Baronsmead VCT 3 plc

Net asset value total return and share price total return since launch against the FTSE All-Share Index total return

- NAV Total Return (gross dividend re-invested) rebased to 100p at launch ordinary shares
- --- FTSE All-Share Total Return rebased to 100p at launch
- -- Share Price Total Return (gross dividend re-invested) rebased to 100p at launch

Source: ISIS EP LLP and AIC

AIC methodology: The NAV total return to the investor, including the original amount invested (rebased to 100) from launch, assuming that dividends paid were re-invested at NAV of the Company at the time the shares were quoted ex-dividend. Transaction costs are not taken into account.

Performance Summary to 30 June 2010

| Total return and share price* | 1 year % | 3 year % | 5 year % | Since launch % |
|-------------------------------|-------------|-------------|-------------|-------------------|
| Net asset value† | 6.4 | (5.1) | 23.6 | 66.1 |
| Share pricet | 3.5 | (3.9) | 28.2 | 45.3 |
| FTSE All-share | 21.1 | (16.2) | 18.7 | 15.5 |

Cash Returned to Shareholders

The table below shows the cash returned to shareholders dependent on their subscription cost, including their income tax reclaimed on subscription.

| Year subscribed | Subscription price p | Income tax reclaim p | Net cash invested p | Cumulative dividends paid* p | Net annual yield‡ % | Gross yield† % |
|------------------------|----------------------------|----------------------------|------------------------------|---------------------------------------|---------------------------|----------------------|
| 2001 (January) | 100.0 | 20.0 | 80.0 | 51.3 | 6.8 | 10.1 |
| 2005 (March) – C Share | 100.0 | 40.0 | 60.0 | 22.4 | 7.0 | 10.4 |
| 2010 (March) | 103.1 | 30.9 | 72.2 | 3.0 | -^ | _^ |

Note - The total return could be higher for those shareholders who were able to defer a capital gain on subscription and the net sum invested may be less.

Dividends paid to C shareholders post conversion have been adjusted by the conversion ratio (0.85642528).

[†] These returns for Baronsmead VCT 3 ignore up front tax reliefs and the impact of receiving dividends tax free.

^{*} Includes proposed interim dividend of 3.0p to be paid on 15 September 2010.

[‡] Net annual yield represents the cumulative dividends paid expressed as an annualised percentage of the net cash invested.

[†] The gross equivalent yield if the dividends had been subject to higher rate tax (32.5 per cent on dividend income at 30 June 2010). As from the tax year 2010/11, a new additional rate of tax on dividend income of 42.5 per cent came into force for those who earned more than £150,000. For those Shareholders who would otherwise pay this higher rate of tax on dividends, the future gross equivalent yield will be higher than the figures shown.

[^] The table above excludes returns for shareholders who subscribed in the Joint Offer with Baronsmead VCT 4 plc as those returns are not yet meaningful.

Chairman's Statement

I am very pleased to present my first report since becoming Chairman after the 9th Annual General Meeting held in May 2010 on the retirement of Mark Cannon Brookes. On behalf of the Board and shareholders, I would like to pay public tribute to Mark for his excellent work as Chairman from the formation of Baronsmead VCT 3 in 2001.

The 3.8 per cent growth in Net Asset Value ("NAV") per share continues the positive trend since the November 2008 low point and comes at a time when operating profits for many of our portfolio companies are increasing. The 3p interim dividend maintains the level paid at this stage for each of the last three years.

Our joint offer with Baronsmead VCT 4 closed on 17 March 2010 fully subscribed, raising £8m gross proceeds for Baronsmead VCT 3 from over 900 subscribers. We are delighted to welcome circa 200 new shareholders.

Results

In the six months to 30 June 2010, the NAV per share increased by 3.8 per cent from 97.50p to 101.24p before payment (due on 15 September 2010) of a 3p per share interim dividend. This dividend arises both from the capital profits realised in the period and net revenues of 1.2p per share. The increase in NAV per share is primarily due to the 9 per cent increase in the value of the unquoted portfolio. In comparison the FTSE All–Share Index decreased 7.9 per cent over the same period.

At the period end, over 70 per cent of the ordinary capital raised (net of launch costs) prior to 31 December 2007 was invested in VCT qualifying investments and the five other VCT qualifying tests had also all been met.

Long term performance

The interim dividend will take the cumulative dividends paid (tax free for qualifying shareholders) for founder shareholders in 2001 to 51.3p per share and represents a very rewarding level of cash returned on their original $\pounds 1$ investment. This period included two major Stock Market downturns in 2003 and 2008.

Shareholders from the first two prospectus offers in 2001 and 2005/06 have to date achieved positive absolute total returns. The comparable returns for the FTSE All-Share Index over differing time periods are set out on page 2. In addition, comparable returns with other VCTs can be seen on the website of the Association of Investment Companies ("AIC") who publish monthly data, www.theaic.co.uk.

The benefit of VCT tax reliefs on the dividends noted above is set out in the table titled 'Cash returned to shareholders' in terms of annual net and gross yields, including the assumptions made in these computations. Over the long term, the benefit of the tax free dividends can be very significant: in order for a higher rate tax payer since inception to receive the same income from taxable dividends as from Baronsmead VCT 3, they would have needed to have received an additional 25p per share in dividends before tax. In addition, this tax relief will be of significantly increased value to those shareholders whose income exceeds £150,000 p.a. from the 2010/11 tax year as there is a new dividend tax rate of 42.5 per cent (up from 32.5 per cent).

Portfolio review

Following new investment in five companies and the sale of four investments plus one AIM write off, the total portfolio comprises sixty-four companies. The portfolio by value was invested 47 per cent in unquoted companies, 19 per cent in AIM and Listed investees, 2 per cent in Wood Street Microcap Investment Fund and the balance of 32 per cent remained in cash or government securities. The largest unquoted investment, Nexus Vehicle Holdings Limited, and the largest AIM investment, IDOX plc, represented 6.4 and 2.0 per cent of Net Asset Value respectively.

Portfolio companies are reviewed quarterly in terms of their financial health and in the last three quarters, the number of companies exhibiting steady or better trading progress has improved to 94 per cent of the portfolio.

The Manager had anticipated the economic downturn and selects investments that have less exposure to the business cycle and have distinctive growth strategies that are intended to be less reliant on general economic conditions. These selection criteria have shown early success as can be seen by the relatively robust unquoted company valuations throughout the recessionary period and several profitable exits. A number of AIM companies have also been acquired by trade buyers from the portfolio signalling good value within their sectors.

The Manager is fully aware of the likelihood of public sector spending cuts and associated risks. Some of the portfolio companies do have exposure to the public sector; however, the portfolio as a whole has limited exposure to discretionary public spending which may be the most vulnerable area.

Unquoted portfolio

On average, the value of the current portfolio of unquoted investments is 27 per cent higher than original cost. Seventeen companies are valued at or higher than cost whilst three are valued below cost. These period end figures exclude two unquoted company realisations, namely Active Assistance in March 2010 for 2.8 times cost and Occam DM Ltd at 1.5 times cost in May 2010.

Chairman's Statement

The sale of Active Assistance was an excellent result after first investment in March 2008. Based in Sevenoaks, the business provides a national live-in care service for adults and children with spinal cord injuries and neurological conditions. The sale involved a merger with another health care business, First Call Care Services Limited, to create a national provider of both live-in and live-out care to individuals with complex long term conditions.

Occam DM Ltd was the longest standing unquoted investment in the portfolio since first investing in July 2004. Occam DM Ltd is a leading provider of marketing management software and direct marketing solutions with a blue chip client base in both the public and private sectors. Occam DM Ltd was sold to St Ives Group in May 2010 realising 1.5 times cost. At 31 December 2009, it had been valued at 25 per cent of cost, which illustrates both the caution applied when valuing unquoted investments until proven and how the business was transformed.

The price earnings multiples used in calculating unquoted valuations have changed little recently and so the increase in value has generally come from good profit growth. Several have shown sales growth by taking market share through innovation, particularly in establishing new and cost effective channels to market and servicing customers.

For instance Mark Burchfield, Managing Director of CableCom Networking Holdings Limited in which the Baronsmead VCTs invested in May 2007 presented its story at the ninth AGM held in May 2010. CableCom's tag line is 'Always Connected' as the market leading provider of Student Accommodation Internet Services. Students have benefitted from the widest range of student specific IT services, some of the fastest UK broadband speeds and improvement in the 'student experience'. Annual turnover has almost doubled over the last three years.

AIM-traded portfolio and Wood Street Microcap Investment Fund

These share portfolios were down 5.4 per cent and 2.2 per cent over the six months under review as the UK quoted markets lost some of their earlier recovery due to concerns about government deficits and economic growth.

Interest from trade buyers again highlighted value in the AIM portfolio including a bid possibility for WIN plc where further investment had been made in 2009. Realised profits totalled £168,000 from the AIM portfolio. The main success came from disposing of some 50 per cent of the shares held in Advanced Computer Software plc at 2.1 times cost at the time of flotation in July 2008.

Our holding in the Wood Street Microcap Investment Fund is now valued at £1 million across nineteen non-qualifying investments.

New investment

Unquoted investment totalled $\pounds 3.5$ million in the six months under review comprising investment in Surgi C Limited, Inspired Thinking Group Limited and Getting Personal Limited plus two further round financings into Independent Living Services Limited and Nexus Vehicle Holdings Limited.

- Surgi C Limited, the UK's leading independent distributor of spinal implants is based in Birmingham. The business has grown strongly as a result of an increasing product portfolio and the high levels of education and support it provides to spinal surgeons. www.surgi-c.com
- Birmingham based Inspired Thinking Group Limited (ITG)
 provides services that help large marketing departments
 operate more efficiently, including improved procurement of
 artwork and print management. The new funding was used
 to acquire Total Marketing Service, a provider of workflow
 management systems to marketing departments.
- Getting Personal Limited is a leading online retailer, based in Manchester, which sells personalised and unique gifts. The business was established in November 2005 with just one product, a personalised calendar. www.GettingPersonal.co.uk now sells over 4,000 items ranging from personalised cards, notebooks, mugs and chocolate to non-personalised items for general gifting.
- Existing portfolio company Nexus Vehicle Holdings Limited, a leading provider of vehicle rental, used further funding to acquire Adapted Vehicle Hire, which is a niche rental business providing adapted vehicles for the disabled driver market.
- Two further small investments were made in portfolio company Independent Living Services Limited, an acute domiciliary care provider based in Scotland, firstly to fund a small acquisition and secondly to repurchase shares.

The volume of qualifying AIM opportunities also increased from the depressed levels of 2009. Some £481k was invested in qualifying holdings and £460k in non-qualifying shareholdings. Three investments in the latter category were market purchases in support of the strategy to take more influential stakes by the combined Baronsmead VCTs in a smaller number of AIM investments, where a likely exit strategy to a trade buyer can be envisaged.

After the period end, £3.5 million was invested by the five Baronsmead VCTs in Netcall plc of which Baronsmead VCT 3 provided £687,000. Netcall plc, based in St Ives provides software and communication solutions into the call centre market, mainly under the Queuebuster label. The fund-raising is primarily for the acquisition of Telephonetics plc, which specialises in speech recognition software.

Chairman's Statement

Investment and tax planning

On 18 January 2010 the Company issued a Joint Offer for Subscription with Baronsmead VCT 4 to raise £16m in aggregate. This Offer became fully subscribed and closed on 17 March 2010 with over 70 per cent of the funds raised having been invested by the existing shareholders of the Baronsmead VCTs.

Having raised £7.56m net of costs under the Offer, the Company has sufficient cash resources to fund all of its operations for at least the next 12 months. As a result, the Directors do not intend, at this stage, to raise further funds through issuing new shares in the current tax year. As many of the Company's shareholders are also shareholders in the other Baronsmead VCTs they will be informed of any offers that those VCTs may make available to either their existing shareholders or more widely during the course of the current tax year.

The Company operates a share policy of buying shares in to Treasury in accordance with the resolutions passed by the shareholders from time to time. During the six months to 30 June 2010, 910,000 shares were bought back into Treasury. As a result, as at 30 June 2010 the Company held 6,377,317 Treasury shares which were bought back at an average discount of approximately 9.2 per cent to NAV. Recent interest in the Company's existing shares may result in the Company issuing shares out of Treasury in order to rectify imbalances in the demand and supply of shares that occur from time to time. In accordance with shareholders' authorities, when re-issued, Treasury shares may be sold at a discount to NAV provided it is narrower than when they were acquired. Amongst other things, depending on the number of shares available at the time, the Company may re-issue Treasury shares to ensure there are sufficient shares available for the Company's Dividend Reinvestment Plan.

Annual reporting and Company Secretary

For the second time in three years, the 2009 Annual Report & Accounts for Baronsmead VCT 3 won the AIC's best report for the VCT sector. 'The Judges found this report and accounts interesting and informative, with clear objectives and a straightforward statement from the Chairman. Details of new and underlying holdings were viewed positively as was the addition of investor case studies.'

Following the split in 2005 from its former parent F&C Asset Management plc, ISIS EP LLP later assumed responsibility for the provision of Company Secretarial services. With effect from 1 March 2010 ISIS has engaged Capita Sinclair Henderson Limited ("CSH") to provide this service on its behalf, although ISIS continues to remain legally responsible and is the named Company Secretary. CSH has a long history of providing such services to investment companies both under the current owners Capita Group plc and previously as Sinclair Henderson Limited.

Recent HM Revenue & Customs/ HM Treasury announcements

The Manager, in conjunction with our trade association, the AIC and other VCT Managers, has worked hard over many years to inform HMRC and HM Treasury of the positive economic impact from unquoted private equity backed companies.

The resulting AIC report "Supporting enterprise and growth: the role of Venture Capital Trusts" published in March 2010 is based on evidence submitted by fifteen VCT Managers and has helped the Government understand the economic return to the state, generated from the investment made in VCTs through providing tax relief. Most notably, it states "of the 303 investee companies who provided data, the net employment impact since VCT investment has been a 48 per cent increase in the total workforce to over 25,402 employees." The percentage increase in employment was slightly higher for the twenty-four companies from within the Baronsmead portfolios that were included in the survey.

The changes in VCT legislation commented on in the 22 June 2010 Budget had in fact been announced a year earlier but will only probably be enacted for the fiscal year starting on 6 April 2011.

Outlook

The unquoted portfolio is demonstrating good resilience during the current period of economic uncertainty that will take time to dissipate as the overhang of government debt is digested and hopefully suitably reduced. Entrepreneurial companies such as those backed by Baronsmead VCT 3 are seen by most commentators to be an important way to assist the process of economic rejuvenation. These companies have a good record of creating jobs often through considerable innovation and 'doing it differently'.

We have the funds to invest in such situations. There is also a solid platform within our portfolio companies for further growth and so there are more grounds for optimism than there have been over the last few years.

Anthony Townsend

Chairman 12 August 2010

Independent Review Report to Baronsmead VCT 3 plc

Introduction

We have been engaged by the Company to review the condensed set of financial statements in the half-yearly financial report for the six months ended 30 June 2010 which comprises the Income Statement, Reconciliation of Movement in Shareholders' Funds, Balance Sheet and Statement of Cash Flows and the related explanatory notes. We have read the other information contained in the half-yearly financial report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the condensed set of financial statements.

This report is made solely to the Company in accordance with the terms of our engagement to assist the Company in meeting the requirements of the Disclosure and Transparency Rules ("the DTR") of the UK's Financial Services Authority ("the UK FSA"). Our review has been undertaken so that we might state to the Company those matters we are required to state to it in this report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company for our review work, for this report, or for the conclusions we have reached.

Directors' responsibilities

The half-yearly financial report is the responsibility of, and has been approved by, the Directors. The Directors are responsible for preparing the half-yearly financial report in accordance with the DTR of the UK FSA.

As disclosed in note 1, the annual financial statements of the Company are prepared in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice). The condensed set of financial statements included in this half-yearly financial report has been prepared in accordance with the Statement Half-Yearly Financial Reports as issued by the UK Accounting Standards Board.

Our responsibility

Our responsibility is to express to the Company a conclusion on the condensed set of financial statements in the half-yearly financial report based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Auditing Practices Board for use in the UK. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK and Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of financial statements in the half-yearly financial report for the six months ended 30 June 2010 is not prepared, in all material respects, in accordance with the Statement Half-Yearly Financial Reports as issued by the UK Accounting Standards Board and the DTR of the UK FSA.

Simon Pashby for and on behalf of KPMG Audit Plc Chartered Accountants Edinburgh 12 August 2010

Responsibility statement of the Directors in respect of the half-yearly financial report

We confirm that to the best of our knowledge:

- the condensed set of financial statements has been prepared in accordance with the Statement 'Half-yearly financial reports' issued by the UK Accounting Standards Board;
- the Chairman's Statement (constituting the interim management report) includes a fair review of the information required by DTR 4.2.7R of the *Disclosure and Transparency Rules*, being an indication of important events that have occurred during the first six months of the financial year and their impact on the condensed set of financial statements;
- the Statement of Principal Risks and Uncertainties on page 12 is a fair review of the information required by DTR 4.2.7R being a description of the principal risks and uncertainties for the remaining six months of the year; and
- the financial statements include a fair review of the information required by DTR 4.2.8R of the Disclosure and Transparency Rules, being related party transactions that have taken place in the first six months of the current financial year and that have materially affected the financial position or performance of the entity during that period; and any changes in the related party transactions described in the last annual report that could do so.

By Order of the Board, Anthony Townsend Chairman 12 August 2010

Notes

- 1. The unaudited interim results which cover the six months to 30 June 2010 have been prepared in accordance with applicable accounting standards and adopting the accounting policies set out in the statutory accounts of the Company for the period to 31 December 2009.
- 2. Return per share is based on a weighted average of 58,829,168 ordinary shares in issue (30 June 2009 53,697,653, 31 December 2009 54,121,721).
- 3. Earnings for the first six months to 30 June 2010 should not be taken as a guide to the results of the full financial year.
- 4. During the six months to 30 June 2010 the Company issued, pursuant to the offer for subscription, 5,601,586 ordinary shares at an offer price of 102.5p per share and 2,318,712 ordinary shares at an offer price of 104.5p which raised £8,165,000, before costs. During this period the Company purchased 910,000 ordinary shares to be held in Treasury at a cost of £801,000. At 30 June 2010 the Company holds 6,377,317 ordinary shares in Treasury. Excluding Treasury shares, there were 61,242,534 ordinary shares in issue at 30 June 2010 (30 June 2009 54,232,236, 31 December 2009 54,232,236).
- 5. The interim dividend of 3.0 pence per ordinary share (1.1 pence revenue and 1.9 pence capital) will be paid on 15 September 2010 to shareholders on the register on 20 August 2010. The ex-dividend date is 18 August 2010.
- 6. The financial information contained in this Half-yearly Financial Report does not constitute statutory accounts as defined in Section 434 of the Companies Act 2006. The information for the year to 31 December 2009 has been extracted from the latest published audited financial statements. The audited financial statements for the year to 31 December 2009, which were unqualified, have been filed with the Registrar of Companies. No statutory accounts in respect of any period after 31 December 2009 have been reported on by the Company's auditors or delivered to the Registrar of Companies.
- 7. Copies of the Half-yearly Financial Report have been mailed to shareholders and are available from the Registered Office of the Company at 100 Wood Street, London EC2V 7AN.

[†] Includes payment of 2008 final dividend.

[‡] Includes payment of 2008 final dividend and 2009 first and second interim dividends.

Principal Risks and Uncertainties

The Company's assets consist of equity and fixed interest investments, cash and liquid resources. Its principal risks are therefore market risk, credit risk and liquidity risk. Other risks faced by the Company include economic, loss of approval as a Venture Capital Trust, investment and strategic, regulatory, reputational, operational and financial risks. These risks, and the way in which they are managed, are described in more detail under the heading Principal risks, risk management and regulatory environment within the Business Review and Notes in the Company's Annual Report and Accounts for the year to 31 December 2009. The Company's principal risks and uncertainties have not changed materially since the date of that report.

Related Parties

ISIS EP LLP ('the Manager') manages the investments of the Company. The Manager also provides or procures the provision of secretarial, accounting, administrative and custodian services to the Company. Under the management agreement, the Manager receives a fee of 2.5 per cent per annum of the net assets of the Company. This is described in more detail under the heading Management within the Report of the Directors in the Company's Annual Report and Accounts for the year to 31 December 2009. During the period the Company has incurred management fees of £729,000 and secretarial and accounting fees of £53,000 payable to the Manager.

Going Concern

After making enquiries, and bearing in mind the nature of the Company's business and assets, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. In arriving at this conclusion the Directors have considered the liquidity of the Company and its ability to meet obligations as they fall due for a period of at least twelve months from the date that these financial statements were approved. As at 30 June 2010 the Company held cash balances, investments in UK Gilts and Money Market Funds with a combined value of £20,006,000. Cash flow projections have been reviewed and show that the Company has sufficient funds to meet both its contracted expenditure and its discretionary cash outflows in the form of the share buyback programme and dividend policy. The Company has no external loan finance in place and is therefore not exposed to any gearing covenants.

Shareholder Information and Contact Details

Enquiries

Shareholders should contact the following regarding queries:

Basic contact details, ie change of address, joining the DRIP, queries re: share and tax certificates and bank mandate forms: Computershare (Company Registrar)

www-uk.computershare.com/investor

Investors who hold ordinary shares in their own name can check their holdings on our Registrar's website www-uk.computershare.com. Please note that to access this facility investors will need to quote the reference number shown on their share certificate.

Alternatively, by registering for the Investors' Centre facility on Computershare's website, investors can view details of all their holdings for which Computershare is Registrar, as well as access additional facilities and documentation. Please see www.investorcentre.co.uk for further information.

Shareholder Helpline

BARONSMEAD

Tel: 0870 703 0137 (Calls charged at national rate).

The Shareholder Helpline is available on UK business days between Monday and Friday, 8.30 am to 5 pm. Additional Information

The information provided in this report has been produced in order for shareholders to be informed of the activities of the Company during the period it covers. ISIS EP LLP does not give investment advice and the naming of companies in this report is not a recommendation to deal in them.

Baronsmead VCT 3 plc is managed by ISIS EP LLP which is Authorised and regulated by the FSA. Past performance is not necessarily a guide to future performance. Stock markets and currency movements may cause the value of investments and the income from them to fall as well as rise and investors may not get back the amount they originally invested. Where investments are made in unquoted securities and smaller companies, their potential volatility may increase the risk to the value of, and the income from, the investment.
