## Investment Objective and Dividend Policy

Baronsmead VCT 2 plc is a tax efficient listed company which aims to achieve long-term capital growth and generate tax-free dividends and capital distributions for private investors.

The Board aims to sustain a minimum annual dividend level at an average of 5.5p per Ordinary Share, mindful of the need to maintain net asset value. The ability to meet these twin objectives depends significantly on the level and timing of profitable realisations and cannot be guaranteed. There will be variations in the amounts of dividends paid year on year. In the current economic environment realisations may be difficult to achieve but there are expected to be good opportunities to invest advantageously.

Dividends are normally declared on the publication of the Interim and Annual Results unless circumstances dictate otherwise. Dividends are paid from net revenues and from distributable reserves earned on the profitable realisation of investments, with the amount declared being dependent on the circumstances of the Company at the time.

## Performance Summary for the quarter to 31 December 2008

## Investment Performance

The period under review was one of severe stress in global financial markets and considerable volatility in the value of quoted shares. As a result, over the quarter to 31 December 2008, the FTSE All-Share index and the FTSE AiM index (without resource companies) fell 11.1% and 30.8% respectively.

In contrast, the NAV of the Company fell 5.1% over the quarter primarily due to a fall in the value of the AiM-traded portion of the portfolio. In general, companies in the unquoted portion of the portfolio reported solid trading performance resulting in an increase in the value of these investments by 0.8% over the quarter despite lower price earnings ratios being used in most of the valuations.

In view of the fact that the Company was issuing shares during the period under review, the monthly valuations are shown below.

Date	Baronsmead VCT 2 plc NAV pence per share
30 September 2008	91.68
31 October 2008	86.17

## Joint Fund Raising with Baronsmead VCT plc

In September 2008, the Company issued a Joint Offer to raise £16m in aggregate. In January, the Joint Offer was increased to raise, in aggregate, up to approximately £22.5 million and also extended to 3 April 2009 unless fully subscribed earlier. By 6 February 2009, the Joint Offer had raised £8.951m in aggregate, raising £4.2m (net of issue costs of 5.5%) for the Company and there has been strong support from the existing shareholders of Baronsmead VCT and Baronsmead VCT 2 who collectively invested £5.0m. The Joint Offer is open to existing shareholders and new investors. In the context of a low interest rate environment, the Company's dividend policy has proved particularly attractive to those investors who anticipate being able to receive tax free dividends.

## Net Asset Value as at 31 January 2009

Baronsmead VCT 2 made an allotment of shares under the Joint Offer for Subscription with Baronsmead VCT on 13 February 2009 based on the NAV as at 31 January 2009. As a result, the Board has undertaken an additional review of the unquoted portfolio valuations at 31 January 2009. Taking account of changes in the values of both the AiM and unquoted portions of the portfolio, the NAV per share at 31 January 2009 fell by 1.0p resulting in a NAV of 85.96 per share.

All figures as at 31 December unless otherwise stated. All sources ISIS EP LLP (ISIS Equity Partners) unless otherwise stated. Past performance is not necessarily a guide to future performance. Stock markets and currency movements may cause the value of investments and the income from them to fall as well as rise and investors may not get the amount they originally invested. Where investments are made in unquoted securities or smaller companies, their potential volatility may increase the risk to the value of, and income from, the investment. Tax rates and reliefs depend on the circumstances of the individual investors and may be subject to change. Investors should take their own financial and tax advice before investing, based on their own individual circumstances. VCTs should be regarded as long term in nature. An investment is only suitable for private investors who are capable of evaluating the risks and merits of such investment and who have sufficient resources to bear any loss which might result.
