Overview

Gresham House Income & Growth 2 VCT plc (LSE: GHV2) has an objective to provide investors with a regular income stream by way of tax-free dividends generated from income and capital returns, while continuing, at all times to qualify as a VCT.

Quarter highlights

- Adjusted NAV Total Return increased by **1.5%** (2.0p dividend added back)
- **2.0p** dividend paid on 10 April 2026 to shareholders on the register as of 13 March 2026
- One realisation generating proceeds of **£2.1mn**
- **£2.4mn** invested into one new company and three follow-on investments into existing unquoted companies

Investment performance

In the three months to 30 June 2026, the Company's NAV per share decreased by 1.26 pence (2.6)% to 48.50 pence.

This decrease was principally due to a dividend payment of 2.00 pence per share paid on 10 April 2026.

Adjusting for the dividend payment, on a total return basis, the NAV per share increased by 0.74 pence, or 1.5% during the quarter.

During the quarter, the value of the portfolio increased by 2.4%. This was driven by strong trading performance by MPB Group as well as improved revenues from Orri and Vivacity Labs alongside a partial recovery of SaaS multiple falls experienced in the first quarter of 2026. This increase was partially offset by a fall in the VCT's only remaining quoted investment, Virgin Wines.

A loan repayment was received from EOTH Ltd (Rab and Lowe Alpine) in the quarter contributing to an overall multiple on cost of 8.2x.

Fundraising

- On **1 April 2026**, the Company and Gresham House Income & Growth VCT plc closed its Offers for Subscription for the 2025/26 tax year. GHV2 successfully raised net funds of £23.51mn which will be used to make new and further investments as well as meet the Company's dividend policy and other costs.
- Shareholders should note that the available upfront income tax relief on new VCT shares issued after 5 April 2026 has been reduced to 20% (from 30% previously). This 20% rate will apply to allotments under future Offers for Subscription or the Company's dividend investment scheme ("DIS").

Performance summary

These total returns are stated before the inclusion of VCT tax reliefs which are designed to mitigate the higher risks and costs associated with investing in smaller companies and the constraints of the VCT legislation. The tax reliefs given at the time of subscription have varied between 20% and 40%, so any adjusted performance measure including this relief will vary depending on the date of subscription. There is the additional benefit of receiving VCT dividends tax free.
