

Baronsmead Second Venture Trust plc

Quarterly update for the three months ended 30 June 2022

Overview

Baronsmead Second Venture Trust plc (the Company) is a tax-efficient listed company which aims to achieve long-term investment returns for private investors, including tax-free dividends.

Quarter highlights

- **£8.4mn** invested into two new and six follow-ons in unquoted companies
- **3.0p** dividend payable on 9 September 2022 to shareholders on the register as at 12 August 2022

Investment performance

In the three months to 30 June 2022, the Company's underlying net asset value per share decreased by 3.2%. Over the quarter, the unquoted portfolio valuation decreased by 13.0% and the quoted portfolio (including the LF Gresham House UK Micro Cap Fund, LF Gresham House UK Multi Cap Income Fund and LF Gresham House UK Smaller Companies Fund) increased by 1.1%.¹

Whilst the broader UK economic backdrop is challenging, we have yet to see any material impact on portfolio trading performance. Instead, the majority of the valuation changes over the last two quarters relate to market movements in the benchmark multiples used to value the Company's investments in unquoted companies.

Intention to fundraise

On 12 August 2022, Baronsmead Venture Trust plc and Baronsmead Second Venture Trust plc announced that they intend to launch offers for subscription (the "Offers") in the current 2022/23 tax year. Full details of the Offers will be contained in a prospectus that is expected to be published by the end of 2022. A further announcement will be made when the prospectus is available.

Performance summary

These total returns are stated before the inclusion of VCT tax reliefs which are designed to mitigate the higher risks and costs associated with investing in smaller companies and the constraints of the VCT legislation. The tax reliefs given at the time of subscription have varied between 20% and 40%, so any adjusted performance measure including this relief will vary depending on the date of subscription. There is the additional benefit of receiving VCT dividends tax free.
