Baronsmead Second Venture Trust plc

Half-yearly report
for the six months ended 31 March 2026

Company number 04115341

About Baronsmead Second Venture Trust plc

Our investment objective

Baronsmead Second Venture Trust plc (the "Company") is a tax efficient listed company which aims to achieve long-term positive investment returns for private investors, including tax free dividends.

Investment policy¹

- To invest primarily in a diverse portfolio of UK growth businesses, whether unquoted or traded on the Alternative Investment Market ("AIM").
- Investments are made selectively across a range of sectors in companies that have the potential to grow and enhance their value.

Key elements of the business model

Access to an attractive, diverse portfolio

The Company gives shareholders access to a diverse portfolio of growth businesses.

Dividend policy²

- The Board will, where possible, seek to pay two dividends to shareholders in each financial year, typically an interim dividend in September and a final dividend following the Annual General Meeting in February/March.
- The Board will use, as a guide, when setting the dividends for a financial year, a sum representing 7 per cent of the opening net asset value (adjusted for dividends declared) of that financial year.

The Company will make investments in growth businesses, whether unquoted or traded on AIM, which are substantially based in the UK in accordance with the prevailing VCT legislation. Investments are made selectively across a range of sectors.

The Manager's approach to investing

The Manager endeavours to select the best opportunities and applies a distinctive selection criteria based on:

- Primarily investing in parts of the economy which are experiencing long-term structural growth.
- Businesses that demonstrate, or have the potential for, market leadership in their niche.
- Management teams that can develop and deliver profitable and sustainable growth.
- Companies with the potential to become an attractive asset appealing to a range of buyers at the appropriate time to sell.

In order to ensure a strong pipeline of opportunities, the Manager invests in building deep sector knowledge and networks and undertakes significant proactive marketing to interesting target companies in preferred sectors. This approach generates a network of potentially suitable businesses with which the Manager maintains a relationship ahead of possible investment opportunities.

The Manager as an influential shareholder

The Manager is an engaged and supportive shareholder (on behalf of the Company) in both unquoted and significant quoted investments.

For unquoted investments, representatives of the Manager often join the investee board.

The role of the Manager with investees is to ensure that strategy is clear, the business plan can be implemented and that management resources are in place to deliver profitable growth. The intention is to build on the business model and grow the company into an attractive target which can be sold or potentially floated in the medium term.

1. This is a summary of the Company's investment policy that is set out on page 2 of the Company's Annual Report and Financial Statements for the year ended 30 September 2025.

2. This is a summary of the Company's dividend policy that is set out on page 2 of the Company's Annual Report and Financial Statements for the year ended 30 September 2025.

A more detailed explanation of how the business model is applied is provided in the Other Matters section of the Strategic Report on pages 28 to 31 in the Company's Annual Report and Financial Statements for the year ended 30 September 2025.

2. Please refer to the table on page 6 for breakdown of NAV per share movement.

3. Direct investments only – please refer to glossary on page 32 for definitions.

4. AIC methodology: The net asset value total return to the investor, including the original amount invested (rebased to 100) from launch, assuming that dividends paid were reinvested at the NAV of the Company at the time the shares were quoted ex-dividend.

Performance summary

Investment diversification at 31 March 2026 by value

† Direct investments only, not held by the Collective Investment Vehicles.

** Investments made prior to the VCT rule change that took effect from 18 November 2015.

Cash returned to Shareholders

The chart below shows cash returned to shareholders based on the subscription price and the income tax reclaimed on subscription based on £10,000 invested at allotment.*

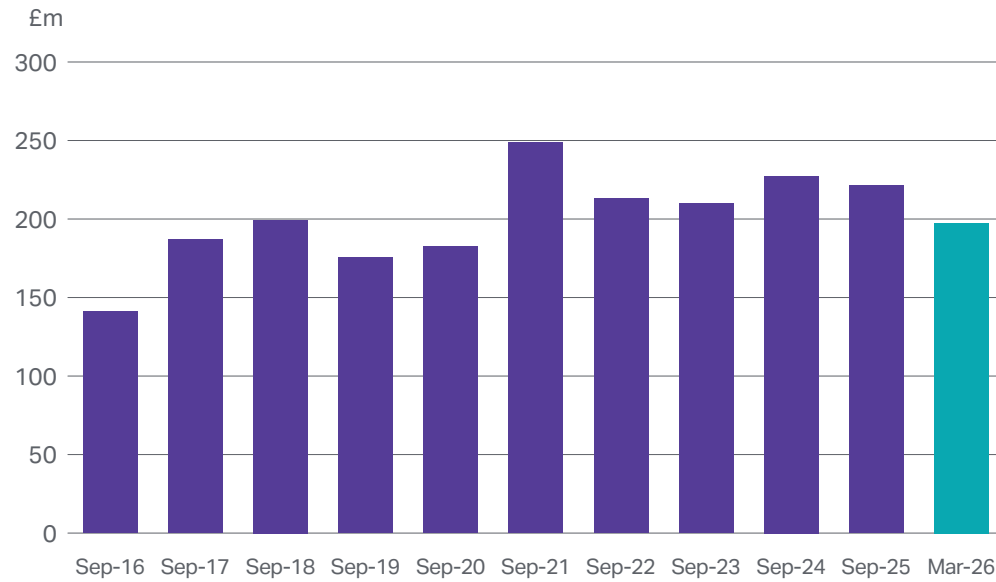

Cash invested is the first allotment price for each offer. Shares were allotted pursuant to the offers at individual prices for each investor in accordance with the allotment formula as set out in each Offer's Securities Note. (See table in appendix showing Cash and returns to shareholders since the launch).

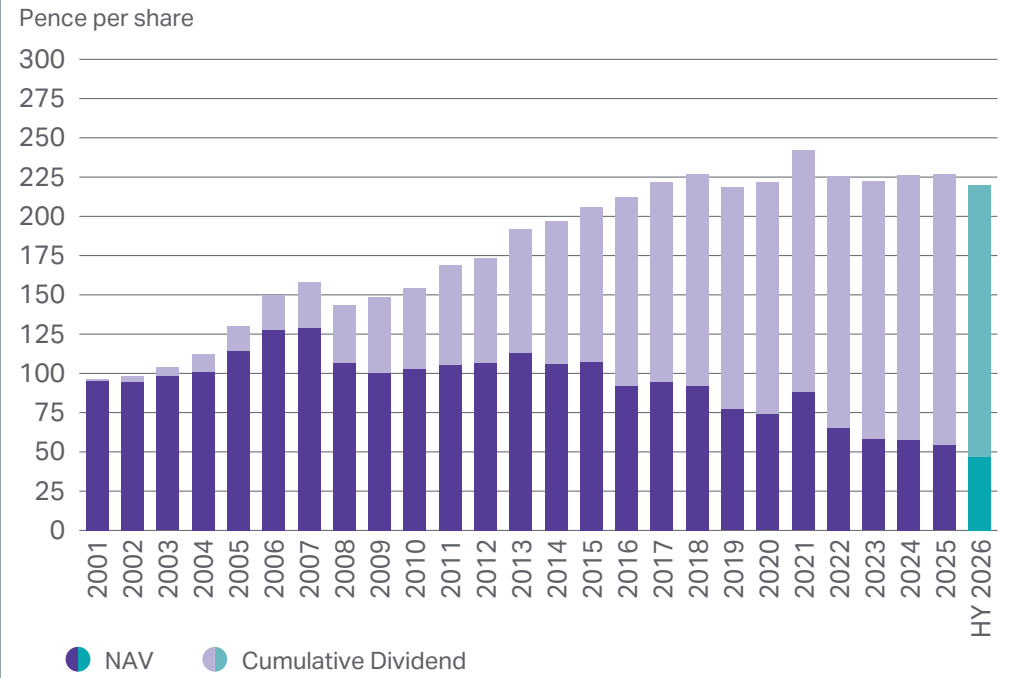

* Includes interim dividend of 1.75p per share payable on 7 September 2026.

01 Strategic report - Performance summary

Total net assets

NAV and cumulative dividends per share

* The figures shown in this graph exclude reinvested dividends; income received is assumed to be taken as cash and not compounded. Reinvestment of all dividends from inception would produce the compounded NAV Total Return of 310.5p reported in the Financial highlights.

Chair's statement

Sarah Fromson

Chair

Heightened geopolitical uncertainty, including the Iran war and its implications for the oil market, inflation and global supply chains, coupled with a sell-off in equity markets, particularly in the business software sector, contributed to a decline of 4.8p per share (9.3 percent) in the Company's net asset value (NAV) over the six months to 31 March 2026. This was disappointing and did not fully reflect the robust fundamentals of many of the Company's investee companies. This can be seen in the recovery in the value of many of the listed investments after the period end and the increase in NAV to 49.95p per share by 31 May 2026.

Equity markets, particularly in the technology sector, experienced a sharp fall during the final two months of the period. Developments in artificial intelligence, including the step change in accessibility of software development tools, have contributed to a reassessment of valuation frameworks across software businesses, resulting in a significant reduction in Software as a Service ("SaaS") valuation multiples. This had the greatest impact on certain growth-stage software investments within the portfolio, where valuations are linked to the revenue-based multiples of comparable public companies. As the portfolio has evolved to include a higher proportion of earlier-stage growth businesses, many of which sell a variety of software-based services, our portfolio is more sensitive to such changes.

It is likely that further macroeconomic and geopolitical headwinds will continue. However, your Board continues to believe that, in aggregate, the business models of the underlying portfolio companies are still robust and the Company's investment policy of having a combination of unquoted and listed assets supports a more consistent total return to shareholders over the medium to long term. Having said that, it is in the nature of VCT qualifying investments that some portfolio companies will continue to require more capital to scale and generate value.

Pence per
ordinary
share

NAV as at 1 October 2025 (after deducting the final dividend of 2.25p)	51.8
Valuation decrease (9.3 per cent.)	(4.8)
NAV as at 31 March 2026	47.0

The Board continues to work with the Manager to focus on improving and sustaining unquoted performance, which we know has been an issue for shareholders, and recognises that the Manager has significantly increased the levels of operational support provided to portfolio companies in recent quarters.

Results

During the six months to 31 March 2026, the Company's NAV per share decreased 9.3 per cent. from 51.8p to 47.0p after the payment of the final dividend of 2.25p per share on 24 March 2026.

The table above shows the movement in NAV over the 6 months to 31 March 2026.

Dividends

The Board has declared an interim dividend of 1.75p per share to be paid on 7 September 2026 to shareholders on the register as of 7 August 2026.

The Board is aware that dividends are an important part of the total return to the shareholders' investment in the Company. As such, the Board is aiming to achieve its dividend policy objective of an annual yield of 7.0 per cent. based on the NAV at the beginning of the financial year. I must remind shareholders this is not a guarantee and that payment dates and the amount of future dividends depend on the level and timing of profitable realisations.

As reported in the 2025 Annual Report, the Board is phasing out the payment of dividends by cheque. The decision reflected the risks associated with cheque payments, including fraud and postal disruption, as well as the potential for dividends to remain unclaimed. A reminder to those Shareholders who continue to receive dividend payments by cheque was included with the Company's March 2026 dividend payment.

01 Strategic report - Chair's statement

As explained in these communications, the Board strongly encourages Shareholders to provide the Company's Registrar, City Partnership, with bank account information so that future

dividends can be received together with any outstanding dividend monies due. This will also ensure that all future dividends are paid automatically into your bank account.

Portfolio review

The table below provides a summary of each asset class and the return generated during the period under review.

Asset class	NAV* (£mn)	% of NAV*	Number of investee companies [†]	% return in the period [†]
Unquoted	64	33	40	(1)
AIM-traded companies	67	34	42	(14)
Collective Investment Vehicles**	57	29	72	(10)
Liquid assets [#]	9	4	N/A	2
Total	197	100%	154	(9)

* By value at 31 March 2026.

[†] Includes investee companies with holdings by more than one fund. Total number of individual companies held is 154.

[†] Return includes interest received on unquoted realisations during the period.

** Excludes OEICs and Investee companies with holdings by more than one fund.

[#] Represents cash, OEICs and net current assets.

Collective Investment Vehicle Benchmark index	% Return in the period Benchmark index performance
WS Gresham House UK Micro Cap <i>IA UK Smaller Companies sector</i>	(6.7%) (7.1%)
WS Gresham House UK Smaller Companies Fund <i>IA UK Smaller Companies sector</i>	(15.5%) (7.1%)
WS Gresham House UK Multi Cap Fund <i>IA UK Equity Income sector</i>	(11.4%) 4.9%
Strategic Equity Capital plc <i>FTSE Small Cap index (ex Investment Companies)</i>	(6.3%) (5.2%)

The value of the unquoted portfolio displayed some resilience but decreased by 1% for the six months to 31 March 2026. 25 per cent of the portfolio registered an increase in value during the period, 25 per cent remained flat and 50 per cent registered reductions in value. The main drivers of positive movements in value were the investments in Equipme and Orri with both showing good trading momentum and increases in revenue during the period. The main detractors from performance were the investments in Counting Ltd and Pointr, with both valuations hit by lower quoted comparable valuation multiples as a result of the volatility in the equity markets, as well as by weaker commercial activity. The Manager continues to focus on improving and sustaining unquoted performance.

The Company's direct investments in AIM-traded companies had an overall performance return of -14.5 per cent in the six months to 31 March 2026. The table above shows the performance of the Company's investments into the Collective Investment Vehicles during the period along with their respective benchmarks. The decrease in performance across the AIM and Collective Investment Vehicle portfolios was as a result of the ongoing geopolitical tensions and war in the Middle East along with the sharp and broad-based sell-off in software, professional services and data platform businesses during the second half of the period. The latter was triggered by multiple Artificial Intelligence product launches that raised fears over the long-term viability of traditional subscription-based software business models. It is somewhat encouraging to note, however, that almost all of the companies

in our portfolio had announced trading updates in line or ahead of expectations during the period and most, we believe, have some degree of resilience with respect to AI threats.

Despite this turbulence in public markets, I am pleased to report that the Company's portfolio of AIM traded companies along with the Collective Investment Vehicles increased by 8.4 per cent and 8.2 per cent respectively in the month to 30 April 2026. This was subsequently followed by a further increase of 0.9 per cent and 3.5 per cent respectively in the month to 31 May 2026.

Budget 2025

In her Budget Statement in November 2025, the Chancellor announced a significant expansion of the Enterprise Investment Scheme ("EIS") and Venture Capital Trust ("VCT") investment limits. We welcomed the expansion of these limits which will allow VCTs to follow on more of their investments for longer. This has already had a positive impact, especially on quoted deployment.

Investments

In the six months to 31 March 2026, the Company made three new investments totalling £4.5mn as follows:

- Tembo Money (unquoted) – a digital-first savings and mortgage broking platform – (£1.7mn)
- Veremark (unquoted) – an employee background screening and verification platform – (£2.0mn) and

01 Strategic report - Chair's statement

- Vulcan Two Group (quoted) – an e-pharmacy consolidation platform – (£0.8mn)

The Company also made eight follow-on investments with a combined value of £6.5mn during the period under review, making a total of £11.1mn for the period.

Realisations

In the listed portfolio, the takeover of Idox by US investment firm Long Path Partners resulted in proceeds of £7.8mn representing a gross money multiple of 7.6x of original cost.

In the unquoted portfolio, the sale of portfolio company IWP completed in January 2026 resulting in proceeds of £0.4mn, a gross money multiple of 0.25x of original cost, with modest potential for further upside through an expected earn out over the next two years.

Fundraising

In the 2025/26 tax year, the Company successfully raised £16.5mn (before costs) through an offer for subscription. The Board decided to extend the offer into the 2026/27 tax year in April 2026 with a further £0.3mn being allotted on 14 May 2026, taking the total amount raised to £16.8mn. The Directors want to welcome the 650 new shareholders who invested for the first time and also thank the 494 existing shareholders who continue to support the Company.

The Board will consider whether to raise additional funds in the 2026/27 tax year. This will be determined by the Company's

cashflow, the overall balance of the Company's portfolio, and its anticipated requirements and opportunities to fund new and follow-on investments over the next two to three years. The Board appreciates that shareholders would like plenty of notice of its fundraising intentions and will ensure that shareholders are informed of the Board's intention to raise new funds, as soon as it becomes practical.

Share price discount and buy back policies

The Board intends to continue with the policy of seeking to maintain a share price discount to NAV of 5 per cent and to buy back shares at that level from time to time with the objective of maintaining liquidity in the market for its existing shares. To that end it will also sell shares out of Treasury in certain circumstances. The day-to-day management of these policies is undertaken by the Manager on behalf of the Board and are subject to the prevailing market circumstances and on the basis that the Company has adequate resources to make new and follow-on investments and pay dividends to shareholders.

Shareholder Survey

Thank you to those of you who took part on the recent Shareholder Survey. Your feedback is crucial in helping us build a clearer picture of who our shareholders are, how you invest, and what you value most from your investment with us.

We are particularly keen to understand your motivations for investing in VCTs, the factors that influenced your decision to invest in Baronsmead, and how well our communications and reporting meet your expectations. We also sought your views on your future investment intentions and how changes in the wider VCT landscape may influence your plans.

The insights you have provided will play an important role in shaping how we develop the Company and how we work closely with our Investment Manager to deliver outcomes that align with your goals and expectations. Your feedback will also inform how we engage with shareholders and we will share initial findings from this survey in Q3 and will include a summary of planned actions in the Annual Report, ensuring transparency on how your feedback is being used.

Outlook

The global economic outlook remains uncertain, reflecting geopolitical instability, including conflict in the Middle East, and ongoing inflationary pressures. These factors are expected to continue to weigh on consumer and business confidence in the near term.

Structural changes within certain sectors, including the impact of artificial intelligence on software development and valuation frameworks, are also likely to continue to affect portfolio company performance and valuations, particularly among earlier-stage growth businesses operating in that sector. The Manager is regularly engaging with its portfolio companies to assess and evaluate

the threats and opportunities provided by AI development, supporting them to make the most of the efficiencies and opportunities presented by AI, whilst mitigating the threat of disruption that it poses.

The Company's portfolio remains well diversified, with the hybrid structure of the investment portfolio helping to mitigate the risks. In addition, the portfolio is largely focused on sectors which the Manager believes are well positioned to deliver long-term growth, with many operating predominantly within the UK domestic market.

We remain committed to investing throughout the economic cycle, as experience indicates that this approach can generate superior long-term returns. Periods of uncertainty can also create attractive opportunities for the Company to make high-quality investments and establish strategic positions in businesses with strong growth potential at compelling valuations. This approach applies to both new investments and follow-on funding for existing portfolio companies. The Manager continues to see a healthy pipeline of prospective investments and remains confident that it is well placed to provide the necessary support to portfolio companies, while maintaining its focus on preserving, recovering and growing value across both existing and future investee companies.

Statement of Directors' responsibilities

Responsibility statement of the Directors in respect of the half-yearly report

Half-yearly report

The important events that have occurred during the period under review, the key factors influencing the financial statements and the principal uncertainties for the remaining six months of the financial year are set out in the Chair's statement and the Strategic report.

Notwithstanding the advancement and developments of artificial intelligence technologies as set out in the Chair's statement, the principal risks facing the Company are unchanged since the date of the Company's Annual Report for the financial year ended 30 September 2025 and continue to be as set out in that Report on pages 23 and 24. The risks associated with developments in artificial intelligence are assessed under Investment performance risk and Operational risk. The Board considers that the present processes for mitigating those risks remain appropriate.

Risks faced by the Company include but are not limited to; loss of approval as a Venture Capital Trust, legislative risk, investment performance risk, risk of economic, political and other external factors, regulatory and compliance risk and operational risk. The Company faces a number of risks and uncertainties, including macro-economic and geopolitical uncertainties. The outlook for the UK economy, in particular, as well as factors influencing the global economy, including political uncertainties and armed conflict, can influence UK government policies, corporate spending, investment plans and consumer confidence, and their impacts for the remaining six months of the year continue to be kept under review.

Responsibility statement

Each Director confirms that to the best of their knowledge:

- the condensed set of financial statements has been prepared in accordance with FRS 104 Interim Financial Reporting Standards and gives a true and fair view of the assets, liabilities, financial position and profit or loss of the Company.
- This half-yearly report includes a fair review of the information required by:
 - a) DTR 4.2.7R of the Disclosure Guidance and Transparency Rules, being an indication of important events that have occurred during the first six months of the financial year and their impact on the condensed set of financial statements; and a description of the principal risks and uncertainties for the remaining six months of the year; and

- b) DTR 4.2.8R of the Disclosure Guidance and Transparency Rules, being related party transactions that have taken place in the first six months of the current financial year and that have materially affected the financial position or performance of the Company during that period; and any changes in the related party transactions described in the last annual report that could do so.

The half-yearly report was approved by the Board of Directors on 15 June 2026 and was signed on its behalf by Ms Sarah Fromson, Chair.

Sarah Fromson
Chair

Notes to the financial statements

For the six months to 31 March 2026 (Unaudited)

1 Basis of preparation

The condensed financial statements for the six months to 31 March 2026 comprise the unaudited financial statements set out on [pages 14 to 18](#) together with the related notes on [pages 19 to 23](#). The Company applies FRS 102 and the AIC SORP for its annual financial statements. The condensed financial statements for the six months to 31 March 2026 have therefore been prepared in accordance with FRS 104 'Interim Financial Reporting' and the principles of the AIC SORP. They have been prepared on a going concern basis. The financial statements have been prepared on the same basis as the accounting policies set out in the Company's Annual Report and Financial Statements for the year ended 30 September 2025.

The financial information contained in this half-yearly report does not constitute statutory accounts as defined in sections 434 – 436 of the Companies Act 2006. The half-yearly report for the six months ended 31 March 2026 and for the six months ended 31 March 2025 have been neither audited nor reviewed by the Company's Auditor. The information for the year to 30 September 2025 has been extracted from the latest published audited financial statements, which have been filed with the Registrar of Companies. The report of the Auditor for the audited financial statements for the year to 30 September 2025 was: (i) unqualified; (ii) did not include a reference to any matters to which the Auditor drew attention by way of emphasis without qualifying their report; and (iii) did not contain a statement under section 498 (2) or (3) of the Companies Act 2006. No statutory accounts in respect of any period after 30 September 2025 have been reported on by the Company's Auditor or delivered to the Registrar of Companies.

The Company's half yearly report has been made available on the Company's website (www.baronsmeadvcts.co.uk) and sent to shareholders where requested.

2 Performance and shareholder returns

Return per share is based on a weighted average of 416,215,976 ordinary shares in issue (31 March 2025 – 395,163,475 ordinary shares; 30 September 2025 – 403,346,281 ordinary shares).

Earnings for the first six months to 31 March 2026 should not be taken as a guide to the results of the full financial year to 30 September 2026.

3 Called-up share capital

The below table details the movement in called-up share capital during the period.

Allotted, called-up and fully paid:

Ordinary shares	£'000
464,333,731 ordinary shares of 10p each listed at 30 September 2025	46,434
19,000,674 ordinary shares of 10p each issued during the period	1,900
483,334,405 ordinary shares of 10p each listed at 31 March 2026	48,334
55,219,256 ordinary shares of 10p each held in treasury at 30 September 2025	(5,523)
9,002,985 ordinary shares of 10p each repurchased during the period and held in treasury	(900)
1,310,000 ordinary shares of 10p each sold from treasury during the period	131
62,912,241 ordinary shares of 10p each held in treasury at 31 March 2026	(6,292)
420,422,164 ordinary shares of 10p each in circulation* at 31 March 2026	42,042

* Carrying one vote each.

03 Financial Statements - Notes to the financial statements

During the six months to 31 March 2026 the Company issued 19,000,674 shares at net proceeds of £10,222,000 (after costs). During the same period, the Company purchased 9,002,985 shares to be held in treasury at a cost of £4,792,000 (including costs). The Company also sold 1,310,000 shares from treasury for proceeds of £575,000. At 31 March 2026, the Company held 62,912,241 ordinary shares in treasury. Shares may be sold out of treasury below Net Asset Value as long as the discount at issue is narrower than the average discount at which the shares were bought into treasury.

Excluding treasury shares, there were 420,422,164 ordinary shares in circulation at 31 March 2026 (31 March 2025 – 399,201,045 ordinary shares; 30 September 2025 – 409,114,475 ordinary shares).

4 Dividends

The final dividend for the year ended 30 September 2025 of 2.25p per share (1.93p capital, 0.32p revenue) was paid on 24 March 2026 to shareholders on the register on 27 February 2026. The ex-dividend date was 26 February 2026.

During the year to 30 September 2025, the Company paid an interim dividend on 8 September 2025 of 1.75p per share (0.82p capital, 0.93p revenue).

An interim dividend of 1.75p per share has been declared for the year to 30 September 2026 and is payable on 7 September 2026 to shareholders on the register as of 7 August 2026. The ex-dividend date is 6 August 2026.

5 Investments

All investments are initially recognised and subsequently measured at fair value. Changes in fair value are recognised in the Income Statement.

The methods of fair value measurement are classified into a hierarchy based on reliability of the information used to determine the valuation.

- Level 1 – Fair value is measured based on quoted prices in an active market.
- Level 2 – Fair value is measured based on directly observable current market prices or indirectly being derived from market prices.
- Level 3 – Fair value is measured using a valuation technique that is not based on data from an observable market.

The valuation of unquoted investments contained within level 3 of the Fair Value hierarchy involves key assumptions dependent upon the valuation methodology used. The primary methodologies applied are:

- Cost of recent investment.
- Multiple basis.
- Offer less 10 per cent.

The multiple basis approach involves more subjective inputs than the cost of recent investment and offer approaches and therefore presents a greater risk of over or under estimation. Key assumptions for the multiple basis approach are the selection of comparable companies and the use of either historic or forecast revenue or earnings, as considered most appropriate. Other assumptions include the appropriateness of the discount magnitude applied for reduced liquidity and other qualitative factors. These assumptions are described in more detail in note 2.3 in the Company's Report and Financial Statements for the year to 30 September 2025. The techniques used in the valuation of unquoted investments have not changed materially since the date of that report.

03 Financial Statements - Notes to the financial statements

	Level 1		Level 2		Level 3	
	Traded on AIM £'000	Collective investment vehicles £'000	Unquoted £'000	Collective investment vehicles £'000	Unquoted £'000	Total £'000

In the 6 months ending 31 March 2026, one Level 3 investment, MXC Capital plc, was liquidated. As part of the liquidation, shares in Tialis Essential IT plc held by MXC Capital plc were distributed. This distribution is reflected in the table above as a transfer from Level 3 to Level 1, as Tialis Essential IT plc is listed on AIM.

6 Other required disclosures

6.1 Segmental reporting

The Company has one reportable segment being investing in primarily a portfolio of UK growth businesses, whether unquoted, traded on AIM or collective investment vehicles.

6.2 Principal risks and uncertainties

The Company's assets consist of equity and fixed interest investments, shares in collective investment schemes, cash and liquid resources. Its principal risks are therefore market risk, price risk, credit risk and liquidity risk. Other risks faced by the Company include loss of approval as a Venture Capital Trust, legislative, investment performance, economic, political and other external factors, regulatory and compliance and operational risks. These risks, and the way in which they are managed, are described in more detail in the principal risks and uncertainties table within the Strategic report section in the Company's Annual Report and Financial Statements for the year ended 30 September 2025. The Board continues to regularly review the risk environment in which the Company operates.

6.3 Related parties

Gresham House Asset Management Ltd (the "Manager") manages the investments of the Company. The Manager also provides or procures the provision of secretarial, accounting, administrative and custodian services to the Company. Under the management agreement, the Manager receives a fee of 2.5 per cent per annum of the net assets of the Company up to and including £209,658,860 (being the total net assets of the Company as at 30 September 2023) and 2.0 per cent per annum of the amount by which the net assets of the Company exceed £209,658,860. This is described in more detail under the heading 'The management agreement' within the Strategic Report in the Company's Annual Report and Financial Statements for the year ended 30 September 2025.

During the period, the Company incurred the following fees payable to the Manager:

	Six months to 31 March 2026 £'000	Six months to 31 March 2025 £'000	Year to 30 September 2025 £'000
Management fees	2,340	2,445	5,015
Secretarial and accounting fees	92	92	182
Performance fees	–	–	–

The performance fee is described in more detail under the heading 'Performance fees' within the Strategic Report in the Company's Annual Report and Financial Statements for the year to 30 September 2025.

Under the terms of an Offer for Subscription, launched on 13 October 2025, the Manager was entitled to fees of 4.50% of the investment amount received from investors. This amount totalled £243,000, out of which all the costs associated with the allotments were met.

6.4 Going concern

After making enquiries, and bearing in mind the nature of the Company's business and assets, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. In arriving at this conclusion, the Directors have considered the Company's cash balances, the liquidity of the Company's investments and the absence of any gearing. The Directors are therefore also satisfied that the Company has adequate financial resources to continue in operation for at least the next 12 months and that, accordingly, it is appropriate to adopt the going concern basis in preparing the financial statements.

6.5 Post balance sheet events

The following events occurred between the balance sheet date and the signing of these financial statements:

- The 30 April 2026 NAV of 49.35p was announced on 11 May 2026 and the 31 May 2026 NAV of 49.95p was announced on 4 June 2026. At the date of publishing this report, the Board is unaware of any matter that will have caused the NAV per share to have changed significantly since the latest NAV.
- 12.4mn shares were issued on 2 April 2026 at an average price of 48.01p per share under the current Offer.
- 0.6mn shares were issued on 14 May 2026 at an average price of 51.01p per share under the current Offer.
- One new investment, BBLHD Ltd (trading as O1Health), completed in April 2026 totalling £1.6mn.
- Six follow-on investments, into Eden Research plc, Ixico plc, Penfold, OnSecurity, Veremark and Counting Up, completed between April and June 2026, totalling £4.4mn.

[†] The original cost column provides the combined cost of investments made by BVCT3, BVCT4 and BVCT5 prior to the merger of the three VCT's to become BSVT. This is included for information purposes for shareholders reviewing the portfolio.

The accounting cost column ties into the investment note on page 21 of these accounts. For Investments owned before the assets of BVCT 4 and BVCT 5 were acquired by BVCT 3 the accounting book cost is a sum of the original cost of the investments held in BVCT 3 and the market value of the investment in BVCT 4 and BVCT 5 at the date of each of the mergers.

[#] All funds managed by the same investment manager, Gresham House Asset Management Ltd.

[‡] Includes unquoted convertible loan note; Cost £168,000, Fair Value £200,000.

Glossary

AIM	The Alternative Investment Market, a sub-market of the London Stock Exchange, designed to help smaller companies access capital from the public market.	Key Performance Indicators ("KPIs")	A measurable value that demonstrates how effectively the Company is achieving core business objectives.
Alternative Performance Measure ("APM")	A position, or cash flows, other than a financial measure defined or specified in the Company's financial reporting framework. These APMs tend to be industry specific terms which help Shareholders to understand and assess the Company's progress.	Net Asset Value ("NAV")	The total value of all the Company's assets, at current market value, having deducted all liabilities at their carrying value.
Annual Dividend Yield	The ratio of dividend paid/declared for financial year divided by opening Net Asset Value per share.	NAV per share	Total Net Asset Value divided by the number of shares.
Book Cost (Original)	Total acquisition value, including transaction costs, less the value of any disposals or capitalised distributions allocated on a weighted average cost basis.	NAV total return	A measure showing how the Net Asset Value has performed over a period of time, taking into account both capital returns and dividends paid to shareholders, assuming that dividends paid were reinvested at the Net Asset Value of the Company at the time the shares were quoted ex-dividend.
Book Cost (Accounting)	The original book cost of an asset, rebased to the value at which it was used in a subsequent transaction, such as a transfer between entities.	Return on Cash Invested to shareholders	The amount of cash returned to shareholders through income tax reclaimed, and cumulative dividends paid, expressed as a percentage of the initial investment.
BSVT	Baronsmead Second Venture Trust plc	Shares Held in Treasury	Shares in the Company repurchased by itself, reducing the number of freely traded shares.
Collective Investment Vehicle	An entity which allows investors to pool their money, investing the pooled funds on their behalf.	SME	Small and medium-sized entities. These are independent companies which meet two of the three recognition criteria for small or medium companies according to UK Legislation.
Direct Investments	Investments held by Baronsmead Second Venture Trust plc only. Does not include investments held by WS Gresham House Equity Funds.	Total Assets	All assets, both current and non-current. An asset is an economic resource owned by an entity that can lead to an increase in economic value.
Discount/Premium	If the share price is lower than the Net Asset Value per share it is said to be trading at a discount. The size of the Company's discount is calculated by subtracting the share price from the Net Asset Value per share and is usually expressed as a percentage of the NAV per share. If the share price is higher than the NAV per share, this situation is called a premium.	VCT Value	The value of an investment when acquired, rebased if the holding is added to or any payment is made which causes an increase or decrease in its value.
EBITDA	Earnings before Interest, Tax, Depreciation and Amortisation – a proxy for the cash flow generated by a business, most commonly used for businesses that do not (yet) generate operating or shareholder profits.	WS Gresham House Equity Funds	Includes WS Gresham House UK Micro Cap Fund ("Micro Cap"), WS Gresham House UK Multi Cap Income Fund ("Multi Cap") and WS Gresham House UK Smaller Companies Fund ("Small Cap").
IFA	Independent Financial Advisors, professionals who offer independent advice to their clients and recommend suitable financial products.	80 per cent test	Ensuring that the Company meets the requirement to hold 80 per cent of its investments in qualifying holdings.

Information

Shareholder information and contact details

Shareholder Account Queries

The Registrar for **Baronsmead Second Venture Trust plc** is The City Partnership (UK) Limited ("City").

City will deal with all of your queries with regard to your shareholder account, such as:

- Change of address
- Latest net asset value
- Your current shareholding balance
- Your payment history including any outstanding payments and reissue requests
- Your payment options (cheque, direct payment to your bank/building society account, reinvestment)
- Paper or electronic communications
- Request replacement share certificates (for which there may be additional administrative and other charges)

You can contact City with your queries in several ways:

Telephone: 01484 240 910

- Lines are open 9.00am to 5.30pm, Monday to Friday, excluding public holidays in England and Wales.
- Calls are charged at the standard geographic rate and will vary by provider. Calls from outside the UK will be charged at the applicable international rate.

On-line: Investor Hub
<https://gresham-house-vcts.cityhub.uk.com>

- City's secure website, Investor Hub, allows you to manage your own shareholding online.
- You will need to register to use this service on the Investor Hub.
- You should have your Access Token to hand, which is available on the Change in Registrar letter, any recently issued share certificate and dividend tax vouchers from City and which you should always keep confidential for security reasons. Should you not be able to locate this, City may provide it over the telephone following completion of a series of security questions.

Email: registrars@city.uk.com

Post: The City Partnership (UK) Limited
 The Mending Rooms, Park Valley Mills,
 Meltham Road, Huddersfield, HD4 7BH

Share price

The Company's Ordinary shares are listed on the London Stock Exchange (LSE). The LSE code for the Company is "BMD". The mid-price of the Company's shares is given daily in the Financial Times in the Investment Companies section of the London Share Service. Share price information can also be obtained from the link on the Company's website and many financial websites.

Shares In Issue

As at 15 June 2026, the Company had 496,311,507 Ordinary shares of 10p each in issue which included 62,912,241 Ordinary shares of 10p each held in treasury. The total voting rights in the Company is therefore 433,399,266.

Financial Calendar

August 2026	Quarterly factsheet to 30 June 2026
December 2026	Announcement of final results for the period to 30 September 2026
March 2027	Annual General Meeting

Additional information

The information provided in this report has been produced in order for shareholders to be informed of the activities of the Company during the period it covers. Gresham House Asset Management Ltd does not give investment advice and the naming of companies in this report is not a recommendation to deal in them.

Baronsmead Second Venture Trust plc is managed by Gresham House Asset Management Ltd which is authorised and regulated by the FCA. Past performance is not necessarily a guide to future performance. Stock markets and currency movements may cause the value of investments and the income from them to fall as well as rise and investors may not get back the amount they originally invested. Where investments are made in unquoted securities and smaller companies, their potential volatility may increase the risk to the value of, and the income from, the investment.

Secondary market in the shares of Baronsmead Second Venture Trust plc

The Company's shares can be bought and sold in the same way as any other quoted company on the London Stock Exchange through a stockbroker.

The Company is unable to buy back shares direct from Shareholders, so you will need to use a stockbroker to sell your shares. If you do not have a broker already, the following link may be useful to help you identify a suitable broker: London Stock Exchange – [Find a Broker](#). You can check that they are FCA registered on the FCA website at: <https://www.fca.org.uk/firms/financial-services-register>.

To support this process, Redmayne Bentley LLP, an FCA authorised stockbroker, are able to facilitate the buyback process through a dedicated online form which shareholders can use to initiate a sale of their shares back to the VCT. Use of this service is entirely optional. Investors may instead choose to sell their shares through their existing stockbroker or any other FCA-authorized firm, including execution-only platforms.

Further details, including the Company's share buyback policy, can be found on the Baronsmead VCTs website at www.baronsmeadvcts.co.uk under "Want to sell back your shares?".

Qualifying investors* who invest in the existing shares of the Company can benefit from:

- Tax free dividends;
- Realised gains are not subject to capital gains tax (although any realised losses are not allowable);
- No minimum holding period; and
- No need to include VCT dividends in annual tax returns.

The UK tax treatment of VCTs is on a first in first out basis and therefore tax advice should be obtained before shareholders dispose of their shares and also if they deferred a capital gain in respect of new shares acquired prior to 6 April 2004.

* UK income tax payers, aged 18 or over, who acquire no more than £200,000 worth of VCT shares in a tax year.

Warning to Shareholders

Many companies are aware that their shareholders have received unsolicited phone calls or correspondence concerning investment matters. These are typically from "brokers" based overseas who target UK shareholders offering to sell them what often turn out to be worthless or high risk shares in US or UK investments. They can be very persistent and extremely persuasive. Shareholders are therefore advised to be very wary of any unsolicited advice, offers to buy shares at a discount or offers for free company reports.

Please note that it is very unlikely that either the Company or the Company Registrar, City, would make unsolicited telephone calls to shareholders and that any such calls would relate only to official documentation already circulated to shareholders and never in respect of investment "advice".

If you are in any doubt about the veracity of an unsolicited phone call, please call either the Company or the Registrar at the numbers provided on [page 37](#).

Protect Yourself

If you are offered unsolicited investment advice, discounted shares, a premium price for shares you own, or free company or research reports, you should take these steps before handing over any money or share certificates:

1. Get the name of the person and organisation contacting you.
2. Check the FCA Register at www.fca.org.uk/register to ensure they are authorised.
3. Use the details on the FCA Register to contact the firm.
4. Call the FCA Consumer Helpline on 0800 111 6768 (freephone) from 8.00am to 6.00pm, Monday to Friday (except public holidays) and 9.00am to 1.00pm, Saturday (from abroad call +44 20 7066 1000) if there are no contact details on the Register or you are told they are out of date.
5. Search the FCA's list of unauthorised firms and individuals to avoid doing business with.
6. REMEMBER: if it sounds too good to be true, it probably is!

If you use an unauthorised firm to buy or sell shares or other investments, you will not have access to the Financial Ombudsman Service (<https://www.financial-ombudsman.org.uk/>) or Financial Services Compensation Scheme (<https://www.fscs.org.uk/>) if things go wrong.

Report a Scam

If you are approached about a share scam you should tell the FCA using the Share Fraud Reporting Form (www.fca.org.uk/consumers/report-scam-unauthorised-firm), where you can find out about the latest investment scams. You can also call the FCA Consumer Helpline on 0800 111 6768.

If you have already paid money (or otherwise dealt with share fraudsters) you should contact Report Fraud on 0300 123 2040 or use the Report Fraud (<https://www.reportfraud.police.uk/>) Online Reporting Tool.

More detailed information on this or similar activity can be found on the FCA web site.
